BRIEF MENTION.

Many of our farmers have commenced planting corn.

Good farm mules are in demand in this section at an advanced price.

The lion business is as big a thing in this County this year as usual.

The fertilizer trade has been exceedingly lively during the past two weeks.

The *Baptist Courier*, after this week, will be published at Greenville, S. C.

The first fresh-water fish of the season were brought to town on Tuesday last.

The fruit trees are putting out and things generally are beginning to assume a spring-like appearance.

We had a regular summer shower, accompanied by thunder and lightning, on Tuesday afternoon.

The weather for the past two weeks has been unusually warm, and fires have been almost dispensed with.

Rev. W. H. Strickland, of Anderson, and Rev. I. W. Winsor, of Pendleton, will exchange pulpits on next Sunday.

Col. L. E. Campbell has just completed a neat and convenient dwelling on his place five miles northeast of Anderson.

Maj. A. R. Boyles, formerly of Anderson, but now of Oconee County, spent several days of this week in our midst.

The colored people say that the "Good Samaritan" man was sent out by the U. S. Government. That's characteristic credulity.

The pastors of the Baptist and Methodist Churches of this place will henceforth alternate in holding services on Sunday evenings.

The County Commissioners are having the exterior of the Court House painted, which will, when completed, improve its appearance very much.

In consequence of the appearance in our midst of the Globe Comedy Company, the Anderson Theatrical Company have postponed their play until a future date.

Messrs. R. A. Reid, of Anderson, and S. M. Holland, of the Fork, who have been attending the Charleston Medical College, returned home on last Friday evening.

The *Kenney Courier* says that some people have altogether an erroneous idea of what is meant by a free press. It doesn't mean that you are to take a newspaper and not pay for it.

We are requested to give notice that the Wesley Church Singing Association will hold their quarterly meeting at the Fairview church on the fourth Saturday and Sunday following in this month.

"The Anderson Division of the Sons of Temperance number two hundred." There are more sober people at Anderson than perhaps any place of its size in South Carolina.—*Baptist Courier*.

Appointments of the Y. M. C. A. for next Sunday: To conduct the afternoon meeting, H. G. Scudder; Poor House Committee, L. P. Smith, W. W. Keys; Jail Committee, J. N. Brown, B. Frank Mauldin.

C. A. Reed, Agent, has just received an immense stock of men's and boys' hats. All the latest spring styles, and the largest variety ever kept in Anderson. Prices lower than ever.

The *Pickens Sentinel* advises the farmers of that County who have corn to sell not to dispose of it yet, but to hold it for higher prices. This is very good advice, but when the cash is offered it will not likely amount to much.

The Globe Comedy Company gave interesting entertainments in Masonic Hall on last Monday and Tuesday evenings. On Monday evening they had a full house, but the attendance was much smaller on Tuesday evening.

Messrs. Bleckley, Brown & Co. make an announcement in this issue of the *Intelligencer* that will make glad the hearts of many of our readers. This looks like, return to the old time customs of our daddies. See their advertisement.

Gen. Humphreys has received one hundred sabres for distribution among the officers of the 11th Brigade. The Colonels of the Eastern and Western Regiments will each receive fifty, and will make the distribution as they deem best.

The *Baptist Courier* says that it will be sixty-one years in May next Rev. Thomas Dawson, of Pendleton, the oldest white Baptist minister in the State, entered the service of the old Triennial Convention as missionary to the Cherokee Indians.

We call attention to the advertisement of Mr. L. H. Seal, which appears elsewhere. The steam cooker for which he is agent is a very recent invention, and is very highly recommended by a number of the housekeepers of Anderson. Give it a trial.

The State Convention of the Y. M. C. A. will meet at this place next month, and in all probability will be largely attended by delegates from every section of the State. The Association at this place held a meeting in Temperance Hall on yesterday afternoon to take the proper steps in making the necessary arrangements for the meeting.

The Council are considering the question of requiring all parties who furnish fresh meats to our citizens to dispose of the same through the market house. This would put a stop to the street vendors of beef, but as to whether it would give satisfaction to our citizens generally is a question. Such an ordinance was in force several years ago, but as it gave such general dissatisfaction it was repealed.

Mr. A. Lesser, one of our enterprising young merchants, has just returned from the North with a large and carefully selected stock of dry goods, notions, boots and shoes, &c., which he is prepared to sell at very low figures for the cash. The public generally, and the ladies particularly, will find it to their interest to give the "Paris Store" a call before purchasing their spring and summer dry goods. Mr. Lesser is determined to be out in front in furnishing a good article at the very lowest cash figure. Read his advertisement.

Mr. Tucker W. May, who was probably the oldest citizen of this County, died on last Friday afternoon at a very advanced age. Many years ago the family record of Mr. May was destroyed by fire, and hence his precise age was not known, but from a relative comparison with men whose ages are known, and who have been dead for many years, it is estimated in such manner as to amount almost to a certainty that he was about one hundred years old. He leaves a large family of relatives and friends to regret his departure.

"The heart bowed down by grief and care" is too often writhed, merely because the body is diseased. Dr. Hart's Liver Pills, and Dr. Hart's Iron Tonic will, in most cases, re-invigorate the frame and banish gloomy thoughts. For sale by all druggists.

The *Abbeville Median* flies off at a tangent in consequence of the little local about Abbeville published in the *Intelligencer* two weeks ago. There was no insult intended for the people of Abbeville, and the *Median's* good sense, if it has any, ought to have prevented it from getting into a rage over it. Our contemporary's wrath seems to be diavon forth principally by the statement that Abbeville has "seven bar-rooms and four churches, and of that they seem to be proud." The information upon which this paragraph was based was obtained from the *Median's* own columns, and while the latter portion of the sentence might have justified a retort there was no occasion for any feeling about it. The *Median* has also fallen into its usual bad taste by pitching into the people of Anderson because it does not like what the *Intelligencer* said. The people of this town are not responsible for remarks, and if our contemporary had given the subject a moment's thought no such policy would have been resorted to. We have no harsh words for the *Median*, though it pronounces us a "heathen," nor have we any censure for the people of Abbeville. They are as a class intelligent, refined and much to be admired.

We regret to learn of the death of Mr. Thomas W. Russell, which occurred at his residence at Easley, in Pickens County, one day last week, after a lingering illness of consumption. Mr. Russell was a son of Maj. Thomas H. Russell, of this County, and was a highly respected and influential citizen of the community in which he lived, and his death will be lamented by a large circle of warm friends in Pickens County as well as by an extensive family connection in this County. He moved from his home in the Slatkown section to Easley soon after the completion of the Air Line Railroad, where he has since been merchandising. His many bearing and eminent business qualifications won for him the respect and confidence of all with whom he came in contact. He leaves a wife and several children.

Townville.

One rarely sees a lean specimen of any kind of live stock in these parts now-a-days, and the explanation is found in the fact that we are enjoying the advantages of having transplanted a variety of young shade trees to their Church lot. It having been entirely denuded of the native growth.

The colored woman charged with the burning of Bill Parker's gin house in January, and who was required to leave the State, ventured back to her old haunts a few days ago apparently to stay, but she was promptly sent to Anderson jail.

Mr. J. P. Brown got his hands badly burned last week in extinguishing the fire from the clothes of a little girl who was attending his school. She was not injured, however.

On the night of the 2d inst., as Mr. E. P. Earle, accompanied by a little son of the late Col. Harrison, was nearing his home he detected a "possum sitting composedly upon a fence at the roadside, and alighted to dispatch it, leaving the little boy in the buggy.

But the proceeding frightened the horse, which dashed off in full run. The little fellow was dashed to the ground, the collision knocking him senseless, and causing a severe wound on the head, the cranium being laid bare for several inches. The sufferer was delirious through the night. Dr. Brown, of this place was called, and the little fellow is now recovering. "But," some will mentally inquire, "did he kill the 'possum'?" To such we say, he did.

Savannah Valley Railroad Meeting.

Pursuant to the call of President Latimer, a meeting of the corporation of the Savannah Valley Railroad convened in Masonic Hall at Lowndesville on the 6th of March. The President called the meeting to order. A call of the roll showed the following corporations present, to wit: W. W. Humphreys, D. L. Hall, Wm. O. Bryant, J. M. Latimer, Sr., J. T. Barnes, J. B. Mosley, J. P. Long, T. Baker, George S. Burditt, J. P. Leroy, S. S. Baker, Dr. J. T. Baskins, A. J. Clinkscale and W. B. Clinkscale.

The Secretary, Maj. E. B. Murray, being absent, W. W. Humphreys was elected Secretary *pro tem*. The minutes of the last meeting and the amended charter were read.

President Latimer, in stating the objects of the meeting, alluded to the obstacles in the original charter which prevented progress towards securing subscriptions to the capital stock of the Road, and which were happily removed in the amended charter. He stated the object of the meeting to be mainly for the purpose of conference and consultation, looking to the adoption of such measures as would secure an early commencement of the great work.

Capt. J. T. Barnes made an earnest and spirited address, and was followed by W. W. Humphreys, J. M. Latimer and others. All the speeches breathing a resolute determination to build the Road at all hazards.

The following resolutions were then adopted unanimously and with enthusiasm:

Resolved, That the construction of the Savannah Valley Railroad be not only practicable, but a necessity to the proper development of the fertile country to be traversed by it, affording as it will easy ingress and egress, and promising swift and cheap transit to the valuable products of a section now remote from all railroad facilities.

Resolved, That the cost of constructing the Road, under the plan now adopted, involving an increase of forty thousand years only by the towns at a township immediately interested, will be insignificant compared with the many advantages to flow from its speedy completion.

Resolved, That not until the last rail is laid, the last spike driven, and the first shrill whistle of the engine is heard proclaiming the completion of this Road, will we abate our zeal or suffer our energies to relax in this great enterprise.

Following the adoption of the resolutions was a free conference and interchange of opinions among the corporations and the friends of the Road present, developing a resolute determination to go forward with the enterprise and press it to its speedy completion as possible.

The meeting then adjourned to meet on the first Wednesday in May next, the 7th of the month, at Lowndesville, at which time it is hoped every corporation will be present, as the details of submitting the question of subscriptions to the towns and townships will be arranged.

J. M. LATIMER, Sr., President.

W. W. HUMPHREYS, Secretary.

Absolutely free from Morphia and other dangerous agents, Dr. Bull's Baby Syrup is valued most highly as a remedy for the disorders of babyhood. Price only 25 cents a bottle.

Every man may be his own physician, if he simply takes the free publications of the Dr. Hartz Medicine Company, and uses the remedies they prescribe. All Druggists and Dealers have them.

DEEP CREEK GRANGE, P. O. H., March, 1879.

M. E. B. MURRAY—Dear Sir: The following resolutions were unanimously passed by Deep Creek Grange, No. 251, P. O. H., at the regular meeting in March:

Resolved, That we heartily endorse the course of Major Murray in defending the farmers of Anderson County in the war on the Phosphate monopoly, and also concerning the bonded debt of the State.

Resolved, That we beg Major Murray to accept our thanks for the course he has pursued in the above-mentioned cases, believing his course to be to the best interest of the masses.

Signed by order of the Grange, W. T. MCGILL, Master.

JOHN L. JOLLY, Sec.

Colored Sunday School Institute.

In accordance with the resolution of the Saluda Baptist Sunday School Institute, to organize a Colored Sunday School Institute for the benefit of colored ministers, Sunday School Superintendents and teachers of the Third Union District, a meeting was held at Mountain Creek Church on the 23rd February and 1st and 2nd of March, and organized by Elder J. H. Earle, Moderator and D. S. Watson, Secretary.

The Moderator, after explaining the object of the meeting, announced the body ready for business.

Elder J. S. Murray being absent, Elder W. H. Strickland was requested to address the meeting on "Our duty towards assisting the colored Sunday schools," which he did in a brief but well-timed discourse, recounting the history of the colored people while in slavery, and their departure from thence until the present time, after which Messrs. L. P. Smith and Reuben Barres followed with appropriate remarks.

By invitation, Elders F. Morris and W. Morris, colored, spoke in reference to the condition of their Sunday schools, and showed their great need of assistance in the work. Adjourned.

SECOND DAY'S PROCEEDINGS.

After appropriate religious exercises, the meeting was opened by the Moderator, Elder J. W. Wingo being absent, Elder J. R. Earle was requested to open the subject of "How to teach in the Sunday School" for discussion. He was followed by Messrs. G. F. Tolly and L. P. Smith, whose addresses were replete with practical instructions.

Another opportunity was offered the colored people to address the meeting, when Messrs. Warren Morris and Jack Humphreys spoke, stating, at some length, the difficulties they had to contend with as leaders of a Sunday school, and asking advice upon special points.

The next subject taken up was "The duty of Pastors to Sunday Schools," which was opened by Elder J. R. Earle, in a clear and impressive manner, after which Elder D. H. Huggins, Robert Adger, and Messrs. Jack Humphreys and Julius Thomas, colored, participated in the discussion.

In the afternoon the subject, "Qualification of Teachers," was discussed by Elder J. C. Hudson, who occupied the entire forenoon. His remarks were fraught with instructive counsel peculiarly adapted to the colored people, and elicited profound attention. Adjourned.

THIRD DAY'S PROCEEDINGS—SUNDAY.

Interesting sermons on the subject of missions by Elders J. R. Earle and W. H. Strickland.

At the close of the meeting a resolution of thanks was offered to the white people by Julius Thomas, colored, for their valuable instructions and the Christian spirit they had manifested in behalf of the colored people. J. R. Earle, Moderator.

D. S. WATSON, Secretary.
